

## Information for Parents

We believe in the power of parental involvement and encourage parents to be part of their child's career journey at every stage. To make it easier, we've carefully selected a range of online resources that are accessible via links on our Academy website. We keep parents informed of important careers-related updates through regular letters, newsletters, and open evenings. We also invite parents to attend career interviews when necessary. Your involvement and support is greatly appreciated, and we welcome you to join us in helping your child unleash their full potential.
